Organization Highlights (Staff)

- Fully staffed (97) with no open positions

- 2022 work plan fully engaged

- Transitioned from pandemic operations to a new hybrid workforce model in July 2022

Organization Highlights (Services)

- Outreach and meeting participation mostly returned to in-person with some programs remaining online

- Continued enhancements to ARIN Online and internal tools to facilitate customer service and reduce technical debt

- Strong customer service concentration with growing demand for registry services

Organization Highlights (Services)

- Updating our payment contractor and expanding payment options

- Retirement of NON-AUTH routing registry fully complete

- Added two additional 2FA options (SMS and voice) to the previously existing mobile authenticator option (TOTP); currently working on a fourth option (FIDO2)

Organization Highlights (Services)

- Continued enhancement of RPKI offerings (hosted, delegated, and hybrid)

- Significant preparation for SOC 2 – Type 1 audit (currently underway)

- Congratulations to 2022 ARIN Community Grant Recipients: DNS-OARC, DNS Research Federation, and Network Time Foundation, Inc.

ARIN 51 (April 2023)

- Planning for in-person participation in Tampa, FL, as well as virtual
- We plan to resume the in-person component for the ARIN Fellowship Program
- Plans are subject to change depending on pandemic status
