Draft Policy ARIN-2022-12:

Direct Assignment Language Update

Rob Seastrom, ARIN AC

Draft Policy ARIN-2022-11

Shepherds: Rob Seastrom, Leif Sawyer

History:

Proposal   25 July 2022

Draft Policy   23 August 2022

Draft Policy ARIN-2022-11

Current Text (23 August 2022)

Problem Statement

As a result of ARIN's fee harmonization direct assignment are no longer being utilized within ARIN databases therefore language around that has been deprecated and should be modernized.

Draft Policy ARIN-2022-11

Current Text (13 September 2022)

- **Policy Statement:**
  - <u>Section 3.6.3:</u> Remove "direct allocation" from "This policy applies to every Organization that has a direct assignment, direct allocation, or AS number from ARIN (or one of its predecessor registries) or a reallocation from an upstream ISP."
  - <u>Section 4.2.2, paragraph 1:</u> change "direct assignments or allocations" to "ARIN-issued IPv4 addresses"
  - <u>Section 4.2.2, paragraph 2:</u> change "direct allocations, direct assignments, re-allocations or reassignments" to "ARIN-issued IPv4 addresses, re-allocations or reassignments"
  - <u>Section 4.3.2:</u> change "direct assignments or allocations" to "ARIN-issued IPv4 addresses"
  - <u>Section 6.5.8:</u> change "Direct Assignments from ARIN to End-user Organizations" to "End-user Allocations"
  - <u>Section 8.5.4:</u> change "direct assignments or allocations" to "ARIN-issued IPv4 addresses"
  - <u>Section 8.5.6:</u> change "direct assignments or allocations" to "ARIN-issued IPv4 addresses"

- **Timetable for Implementation:** Immediate

Draft Policy ARIN-2022-11

Questions for the Community

1. Do you support this policy proposal as written?

2. If not, are there changes you would advocate for that would make it better? (*Please note this is not a referendum on fee structures as that is a Board of Trustees matter and out of scope for the PDP.*)

Any Questions
