Welcome to ARIN XXIX

Welcome to beautiful Vancouver for ARIN XXIX! We have big plans for the next few days, so read this program carefully to make sure you catch all the action! We will host a breakfast to welcome first-time ARIN meeting attendees on Monday morning, and the Public Policy Meeting will include six policy proposal discussions, reports on activities within the Internet community, an IPv6 panel, and open microphone sessions. The Members Meeting on Wednesday, open to all, will feature updates from each ARIN department, the Advisory Council, and the Board; and we'll wrap things up with a final open microphone session.

It is a full schedule, but we have set aside time for you to meet or catch up with colleagues and others in the community. Join us Sunday night for Happy Hour, and don't miss the Monday evening social at Grouse Mountain, featuring a variety of cultural, educational and outdoor adventures with other attendees and ARIN staff!

You'll find details about all these activities and a complete agenda in this meeting program. The most current information is available at <https://www.arin.net/ARIN-XXIX>. If at any time you have any questions, please let a member of the ARIN staff know. To help you identify us, we wear badges marked "STAFF". We hope you find the meeting informative, productive, and enjoyable. Please join other attendees in sharing experiences with IPv6, ARIN XXIX, or other related stories and topics by using:

Rules & Participation

Rules of Discussion

The Chair moderates discussions of formal draft policies so that all can speak and all can be heard. Accordingly, every person who participates in the Public Policy Meeting is asked to follow these simple rules and customs:

1. All persons have equal rights, privileges, and obligations.
2. Full and free discussion of all draft policies is the right of every person participating in the meeting.
3. Only one draft policy is considered at a time.
4. Persons should not speak in the discussion until they have moved to a designated speaker's position and have been recognized by the Chair and granted the floor.
5. Every time a speaker is recognized by the Chair, speakers should do the following:
 - a. State their name.
 - b. State their affiliation (organization, company, etc.).
 - c. State intent to support or not support the draft policy under discussion.
6. No person should speak a second time on the same topic if anyone who has not spoken on that topic wishes to do so.
7. No person should speak for more than three (3) minutes unless the Chair gives consent.

8. Speakers should direct all remarks to the Chair. They should not debate with other speakers or otherwise attack or question the motives of other speakers.
9. While the discussion is in progress, speakers may suggest amendments or other secondary proposals to the Chair, who will see them acted on accordingly.
10. Only the Chair may call for a poll to gain a sense of the participants regarding the draft policy under discussion, any part of that draft policy, any proposed amendment to that draft policy, or any secondary proposal. The Chair will state all questions before polling the participants and will explain what affirmative and negative responses mean.

Meeting Courtesies

Please keep **email** and **web surfing** to a **minimum**.
