# NEED TO KNOW

## Who is ARIN?

Established in December 1997, the American Registry for Internet Numbers (ARIN) is a nonprofit, member-based organization that supports the operation and growth of the Internet.

ARIN accomplishes this by carrying out its core service, which is the management and distribution of Internet number resources such as Internet Protocol (IP) addresses and Autonomous System Numbers (ASNs). ARIN manages these resources within its service region, which is comprised of Canada, the United States, and many Caribbean and North Atlantic islands. ARIN also coordinates policy development by the community and advances the Internet through informational outreach.

ITS MISSION**

## What is ARIN 51?

ARIN holds biannual, hybrid Public Policy and Members Meetings in the second and fourth quarters in various locations throughout the ARIN region and virtually via Zoom. ARIN meetings provide an opportunity for the entire Internet community to engage in policy discussions, network with colleagues, and attend workshops and tutorials. All interested individuals are welcome to attend the Public Policy and Members Meetings. In order to maintain the transparency of the ARIN Policy Development Process, we publish a full listing of all registrants, attendees, and remote participants, with the exception of staff of associated support vendors.

ARIN 51 is being held in Tampa, Florida, on 16-19 April, and we hope to see you there either in person or virtually.

## What is Internet number resource policy?

The ARIN community decides how ARIN will manage and administer Internet number resources. These community decisions are recorded as policies.

The ARIN Policy Development Process (PDP) is the process by which all policies governing the management of Internet number resources in the ARIN region are developed by and for the ARIN community. Policy development is an open and transparent process. Anyone may participate in the process. A prior relationship as an ARIN member or customer is not a requirement, nor is it a requirement for a person to become a member.

## join the meeting

### I'm in Tampa!

Welcome to Florida! ARIN 51 is being held in the Audubon Ballroom at the Grand Hyatt Tampa Bay hotel. Join us for breakfast each morning beginning at 8:00 AM on the Audubon Promenade. After you're done, head to the Audubon Ballroom and grab a seat. If you'd like to ask a question, go to the microphones in the center and wait for a presenter to call on you.

### I'm staying home!

Each morning, you'll be emailed a link to join that day's session via Zoom, or you can access the Virtual Event hub on the menu bar at [arin.net/ARIN51](http://arin.net/ARIN51). During the meeting, if you'd like to ask a question, please use the Q&A or the Raise Hand feature in Zoom.

### I need help getting into the virtual meeting!

**ARIN 51 VIRTUAL HELP DESK**

Or click the Virtual Help Desk tab at [arin.net/ARIN51](http://arin.net/ARIN51). You'll join a Zoom and an ARIN staff member can help get you where you need to go.

## the policy process

### **POLICY PROPOSAL**

An idea for a policy that is submitted to the Policy Development Process.

### **DRAFT POLICY**

A Policy Proposal that is complete and in scope for the PDP is accepted by the Advisory Council and becomes a Draft Policy.

### **RECOMMENDED DRAFT POLICY**

A Recommended Draft Policy is the result of a Draft Policy being fully developed. A Draft Policy becomes a Recommended Draft Policy once the Advisory Council believes with a high likelihood that the Draft Policy satisfies ARIN's Principles of Internet Number Resource Policy. Recommended Draft Policies must undergo community consultation and a "Last Call" period before being considered for adoption.

### **ADOPTED POLICY**

A policy that has been adopted by the ARIN Board of Trustees. Adopted Policies are added into ARIN's Number Resource Policy Manual (NRPM).

# ARIN OUTREACH

## fellowship program

To encourage and foster new voices and active members within the ARIN region community, the ARIN Fellowship Program provides a specialized, interactive learning opportunity to individuals interested in Internet governance and number resource policy.

A group of up to 12 Fellows is selected twice a year to participate in the month-long program before, during, and after an ARIN Public Policy and Members Meeting. Fellows receive an in-depth, expert-guided introduction to the workings of the ARIN organization and Policy Development Process (PDP), along with opportunities for networking and direct participation in the PDP.

## on-demand webinars

Can't make it to an in-person training event? Check out ARIN's on-demand webinars! You'll find a selection of topics that may interest you, including routing security, IPv6 address planning basics, the Policy Development Process, and more.

**[arin.net/webinars](http://arin.net/webinars)**

## community grant program

The ARIN Community Grant Program provides financial grants in support of initiatives that improve the overall Internet industry and Internet user environment. ARIN awards grants each year to support qualified operational and research projects that advance ARIN's mission and broadly benefit the Internet community within the ARIN region.
