| Draft  | ARIN-2026-1   | Taking IP to Other Planets (TIPTOP)                                |
| Draft  | ARIN-2026-2   | NRPM Section 6.5 Revision                                          |
| Draft  | ARIN-2026-3   | NRPM Section 6.4.1 Retirement                                      |
| Draft  | ARIN-2026-4   | Harmonize Section 1 and Section 6, Principles and Goals Statements |
| Draft  | ARIN-2026-5   | Define Out Of Region Use                                           |

## Recommended Draft Policy ARIN-2025-1

Clarify ISP and LIR  
Definitions and References  
to Address Ambiguity in  
NRPM Text

- Current policies use the terms ISP and LIR somewhat interchangeably which can be confusing.
- Clearly defines ISP and LIR, and updates the policy manual to reference LIR, where appropriate.

# Recommended Draft Policy ARIN-2025-3

Change Section 9 Out Of  
Region Use Minimum  
Criteria

- /22 requirement for out of region use harms smaller organizations that have less than a /22 in region but require some out of region use.
- Reduces the requirement down to a /24 and explicitly bars organizations from using out of region justification from the ARIN Waiting List (4.1.8), the Micro-allocation pool (4.4), or the IPv6 Deployment pool (4.10).

## Recommended Draft Policy ARIN-2025-7

Make Policy in 6.5.8.2  
Match the Examples

- Clarify the requirements for initial allocation size for End-user allocations.
- End-users with a single site justify a single IPv6 /48.

## Recommended Draft Policy ARIN-2025-8

Reserve 4.10 space for  
In-Region Use

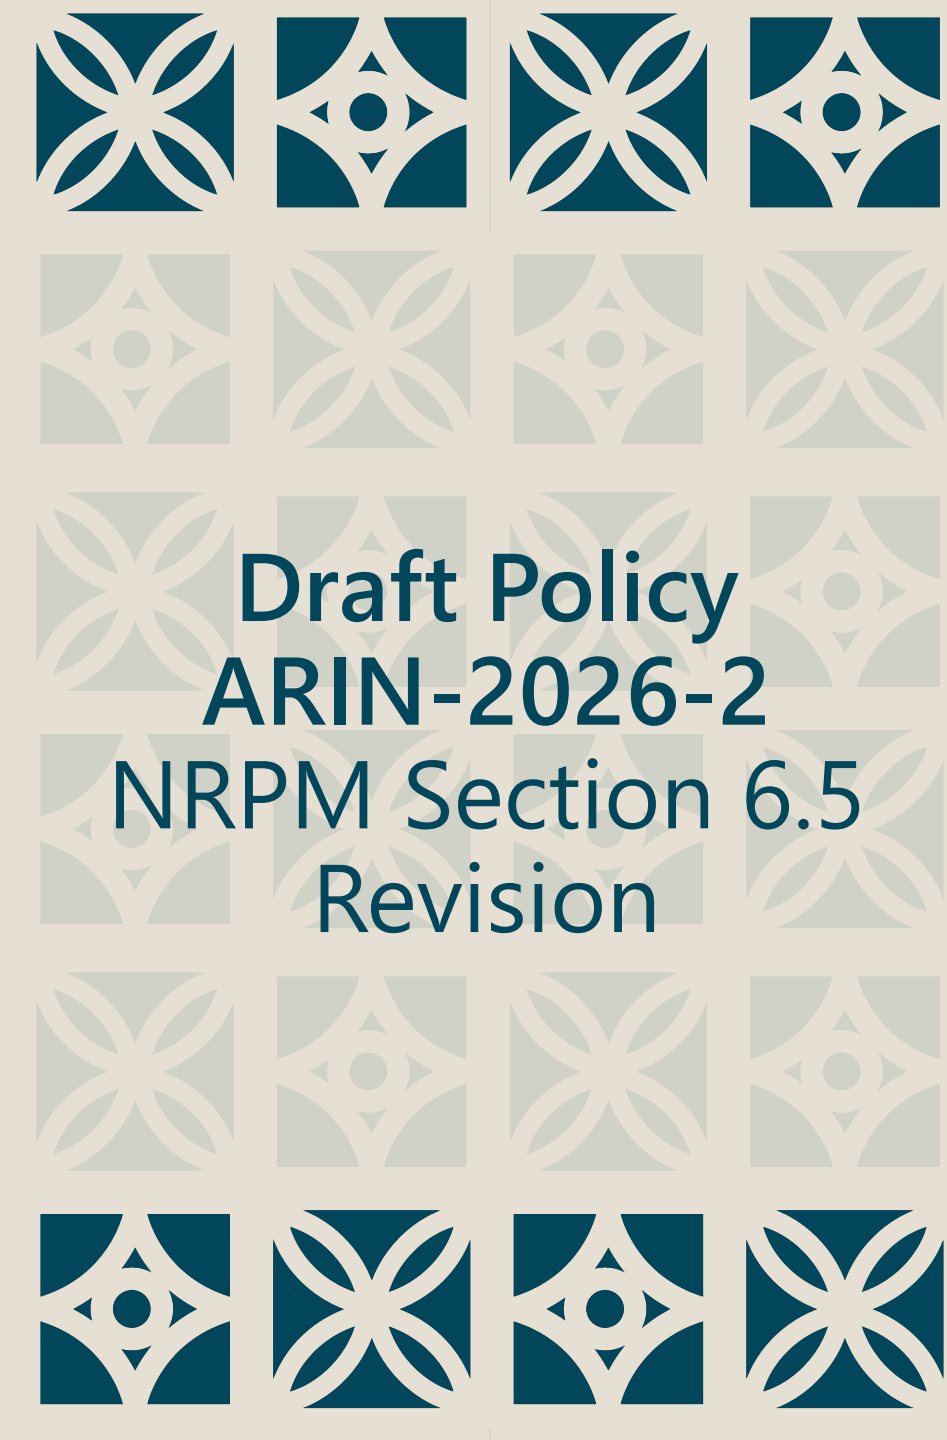

Intends to codify current implementation of section "4.10. Dedicated IPv4 Allocation to Facilitate IPv6 Deployment" for use only within the ARIN region.

# **Draft Policy** **ARIN-2026-1**

Taking IP To Other Planets  
(TIPTOP)

- Developed jointly with the IETF TIPTOP working group
- Establishes a framework for extraterrestrial networking.

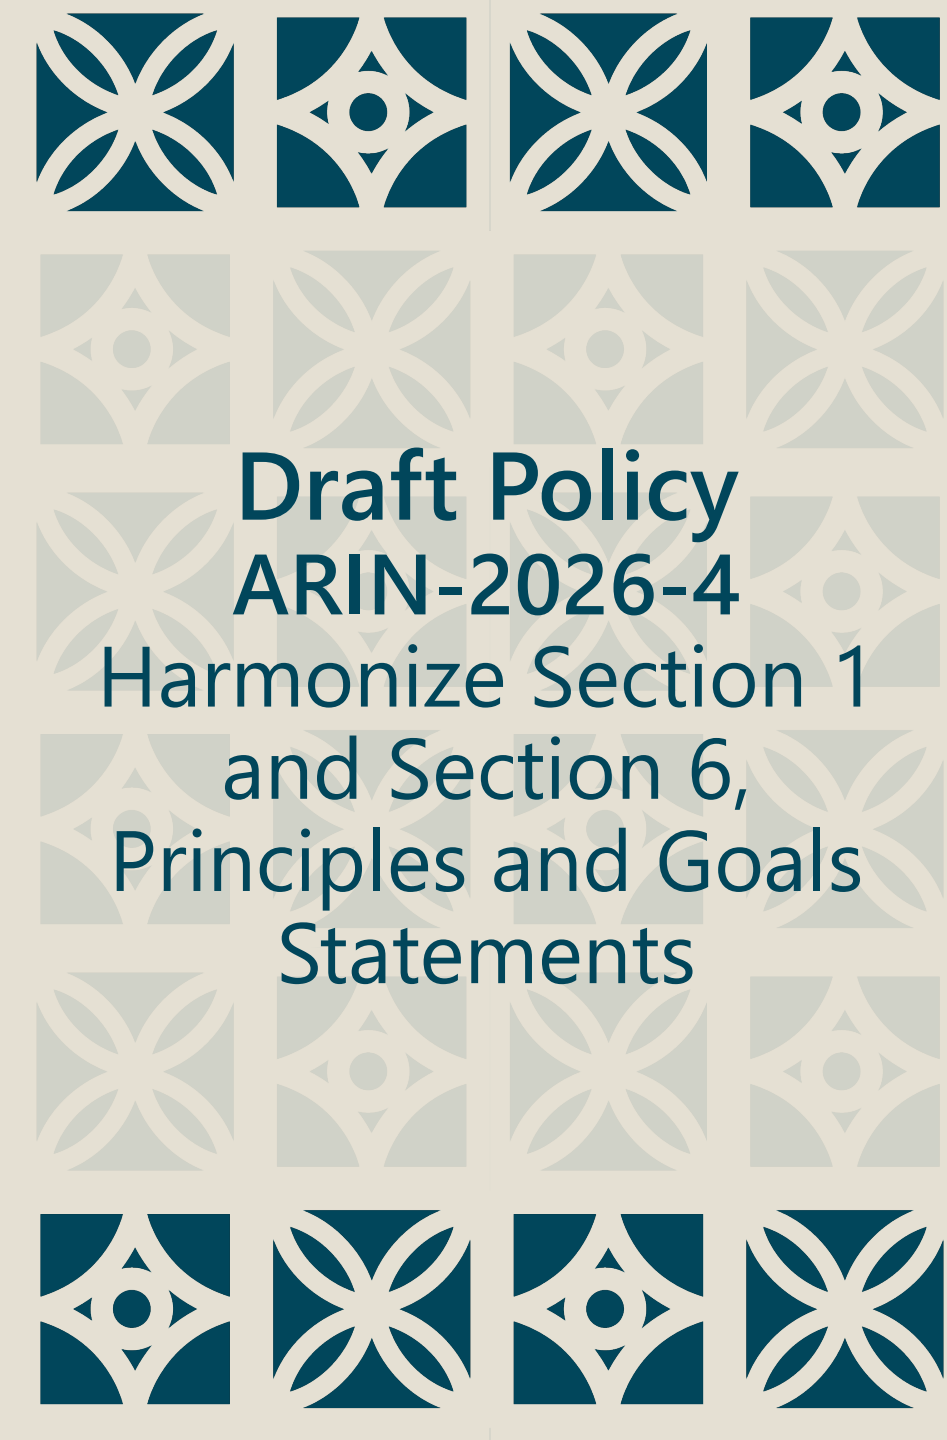

# Draft Policy ARIN-2026-2 NRPM Section 6.5 Revision

- Section 6.5's IPv6 allocation rules rely on formula-driven mechanisms that don't match how IPv6 networks are actually planned
- Replaces formula-based and utilization-based allocation mechanisms with a planning-based evaluation model.

## Draft Policy ARIN-2026-3 NRPM Section 6.4.1 Retirement

- Section 6.4.1 currently states that IPv6 allocations aren't to be considered property
- Property/rights language belongs in the contractual agreement (Registration Services Agreement) between ARIN and resource holders.
- Retires Section 6.4.1

## **Draft Policy** **ARIN-2026-4**

### Harmonize Section 1 and Section 6, Principles and Goals Statements

- ARIN's principles and goals are currently described in two separate places, Section 1 (Principals and Goals) and Section 6.3 (Goals of IPv6 Address Space Management)
- Intends to remove and consolidate redundant language.

## Draft Policy ARIN-2026-5 Define Out Of Region Use

- Section 9 of the Policy Manual sets requirements for Out of Region use.
- Adds a clear definition for "Out of Region Use" to the section 2 of the Policy Manual.

## Ombudsperson Information

As ARIN continues its efforts to create impactful and inclusive meetings, we are pleased to be joined by an ombudsperson during ARIN 58. This ombudsperson will be available for meeting participants and provide the following services:

- Closely observe the ARIN 58 meeting and be available as a resource for any participant who believes they have observed, or have been subject to, a violation of the ARIN Participants Expected Standards of Behavior or offensive behavior or statements made by another participant. If this occurs, the ombudsperson will address the situation both with that individual and potentially the alleged offending party to mediate or propose solutions aimed at preventing further issues.
- Provide coaching to meeting participants, which may include how to address sensitive matters with another participant or community member during the meeting.
- Assist ARIN to create an inclusive and safe meeting environment.

[Health & Safety](#)

[ARIN Participants Expected Standards of Behavior](#)

Any person who takes part in an ARIN event is subject to the ARIN Participants Expected Standards of Behavior.

---

These standards require that ARIN meeting attendees must:

---

Treat each other with civility, courtesy, and respect

---

Act in accordance with ARIN's Policy Development Process when participating in ARIN public policy events.

---

Make reasonable and informed comments when participating in policy development and decision-making discussions and processes.

---

Act fairly and in good faith with other participants in the ARIN process.

---

Listen respectfully to the views of all stakeholders when considering policy issues.

---

Work to build consensus with other participants and find solutions to issues.

# Making ARIN Meetings a Safe Place for Everyone

## Making ARIN Meetings a Safe Place for Everyone

The ARIN model is based on a bottom-up, consensus-driven approach to policy development, and it requires all participants to engage in a manner that is respectful and welcoming.

Violations to the policy will be escalated appropriately, and any allegations will be treated with the utmost care. Please review the full policy for complete details.
