RFC 2050

Working Group

RFC 2050 WG Background

* **Established to Facilitate Community Participation in RFC 2050 Rewrite**
* **Low Level of Participation Experienced**
  * ► Few people participated in creation of outline for revision procedures
  * ► Very low level of feedback and participation for drafting of initial documents

RIR Review of RFC 2050

* **Recent Analysis of RFC 2050 and RIR Policy Comparison Matrix (PCM)**

* **Four Categories of Information Identified**
  - RIR Policy Items in PCM and RFC 2050
  - RIR Policy Items in PCM, but not in RFC 2050
  - Policy Related Items in RFC 2050, but not in PCM
    - Non-disclosure practices
    - Appeals procedures
  - Descriptions of 1996 Best Current Practices

Proposed Path Forward

* **Draft an Informational RFC to Change the Status of RFC 2050 to "Historical"**
  * ▶ Reference current RIR policy documentation
  * ▶ Describe processes by which RIR policy is created
* **Disband RFC 2050 Working Group**
