ARIN-2011-7

ARIN XXVIII – October 2011

Chris Grundemann – Primary AC Shepherd

Key Changes

- Ties the registration of client data in WHOIS to compliance with an ARIN resource review
  - "...required to **update reassignment information *or*** return resources..."
- Requires ARIN to grant a minimum of 90 days to respond before resources can be revoked
- Allows ARIN to revoke rDNS services for addresses that are out of compliance
  - Minimum 30 days / maximum 60 days
- Additional wording clean-up
