Cast Your Ballot

The screenshot shows the ARIN user dashboard. At the top, there is a search bar for 'Whois' and a navigation menu with links for NUMBER RESOURCES, PARTICIPATE, POLICIES, FEES & INVOICES, KNOWLEDGE, ABOUT US, and FEEDBACK. A left sidebar contains a user profile for 'John' and a list of menu items: Dashboard, Tickets & Messages, Your Account, IP Addresses, ASNs, Transfer Resources, Payments & Billing, Downloads & Services, and Ask ARIN. The main content area is titled 'Dashboard' and features an 'Alerts' section with a yellow warning message about two-factor authentication. Below this is a blue banner with a checkmark icon and the text 'Cast your ballot! Voting for the 2016 ARIN elections is now open. Vote now!'. A white callout box with a blue arrow points to the 'Vote now!' link, containing the text 'Step 3: Click "Vote Now" Link'. Underneath is an 'Account Snapshot' section with four cards: 'DOEJO6-ARIN' (Point of Contact record), 'ABCCO-3' (Organization Identifier), 'NET-23-129-1-0-1' (Network), and 'AS500002' (Autonomous System Number). At the bottom, there is a 'What's New With ARIN Online' section with a link to 'ARIN Online Functionality'.

Transparency Agreement

By submitting your vote, you acknowledge that ARIN will receive a copy of your ballot selections. ARIN receives this information in order to administer the election and audit the accuracy of the election results. ARIN will not disclose to any third party how specific votes or ballots are cast absent written authorization from your organization to do so, or a duly entered court Order, subpoena or similar form of legal process.

Step 4: Click "I agree"

Voting Process

2016 Garth's Sample Election

Select up to 1 Candidate for the NRO NC. By clicking on a Candidate's name, you can view their biography.

[You can view statements of support for candidates here.](#)

Reduce Vote Weight #

You have a total vote weight of: 6
The number of times you can split your total vote is: 6.

For this vote set the weight to: This will leave unused weight of: 0

Select up to three checkboxes

- John Johnson
- Jacob Jacobson
- Jeff Jefferson
- John Doe
- Jane Doe

Select Candidates

Submit Vote

Click "Submit Vote"

[Not anonymous setting A2](#) · Votes cannot be changed · Poll visible to anyone on the web

If you want to cast all of your ballots for the same group of candidates, then leave the “set the weight to” field as is (by default, this field will match your total vote weight).

The ballot screen will reappear, allowing you to repeat this process until you have cast a ballot for each organization you are eligible to vote on behalf of.

2016 Garth's Sample Election

Select up to 1 Candidate for the NRO NC. By clicking on a Candidate's name, you can view their biography.

[You can view statements of support for candidates here.](#)

You have a total vote weight of: 6

So far you have submitted 1 vote(s) with a total weight 3

Your unused vote weight is 3, which can be split and used up to 3 times.

For this vote set the weight to: This will leave unused weight of: 0

Up to three checkboxes

<input type="checkbox"/>	John Johnson
<input type="checkbox"/>	Jacob Jacobson
<input checked="" type="checkbox"/>	Jeff Jefferson
<input type="checkbox"/>	John Doe
<input checked="" type="checkbox"/>	Jane Doe

Select Candidates

Submit Vote

Click "Submit Vote"

Input New Vote Weight less than your unused vote weight

Vote Confirmation

Questions

Number Resource Organization Number Council (NRO NC)

Number Resource Organization Number Council

- Jason Schiller *(not present)*
- Robert J. Kenny *(not present)*

Jason Schiller

- Incumbent candidate
- Google, Inc.
- Engineer who solves problems on technical merit.
- Brings level headed operations and engineering mentality to the table to provide good policy that is in the best interest of the Internet as a whole.
- Experience of providing oversight of the performance of the IANA function.

Robert J. Kenny

- Network Engineer at Pitt-Ohio (Transportation Sector)
- Commitment to furthering education and compliance standards relating to the networking field.
- Experience with IPv4 and IPv6.

ARIN Advisory Council

ARIN Advisory Council

- Allen Shen
- Owen DeLong
- Alison Wood
- Isaac Levy
- Tina Morris
- Joe Provo
- Gary T. Giesen
- Chris Woodfield
- Alyssa Moore
- Scott Leibrand
- Rob McCann (*not present*)

Allen Shen

- Principal Engineer at Charter Communications
- 20 years' experience at large service providers
 - Building backbone networks
 - Managing peering
- Managed the IP address management team at Time Warner Cable

Owen DeLong

- Incumbent candidate
- Senior Network Architect at Akamai Technologies
- Worked at a variety of different types of organizations at many different sizes and scales, including ISPs, cloud providers, web hosting providers, colocation facilities, backbone providers, end users, etc.
- Balanced perspective across diverse ARIN community

Alison Wood

- Network Engineer Technical Lead for the State of Oregon
- Uniquely positioned to understand the technical aspects of ARIN policy while being able to communicate as an advisor
- Understands technical implications that policies present and the impact on the customer that is governed by them

Isaac Levy

- Systems Engineer, Internet Operations
- Two decades' experience in the *BSD and UNIX communities
- Will work to strategically train and educate community members to enact change

Tina Morris

- Incumbent candidate
- Vice Chair of the ARIN Advisory Council
- Technical Business Developer at Amazon
- Has been an ARIN customer for both End user and ISP organizations
- Experience with transfer market
- Interacts regularly with other RIRs, bringing valuable experiences and observations to the ARIN region

Joe Provo

- Currently: Google
- Previously: RSUC, UltraNet, RCN, ITA Software
- Involved in both policy and operations communities
- Strives to be a balanced representative on behalf of the technical community

Gary T. Giesen

- Network Architect at CentriLogic
- Worked for a range of companies that serve a broad cross-section of the industry
- Member of the Board of Directors of the TorIX Internet Exchange and Canadian Network Operators Consortium Regulatory Committee
- Experience in non-profit governance, telecommunication regulation, and public policy
- Experience with regards to representing the needs of small businesses and the unique Canadian landscape

Chris Woodfield

- Senior Staff Network Engineer at Twitter, Inc.
- 18 years' experience in this industry involving IP allocation planning and policy
- Worked on IPv6 address plans at two companies – as a result, well-suited to evaluate further policy recommendations

Alyssa Moore

- Policy and Strategy Analyst at Cybera – Alberta’s Research & Education Network
- Brings a fresh perspective to the NRPM
- Adept at communicating technical concepts to non-technical audiences
- Background in policy analysis in a member-based, networking organization

Scott Leibrand

- Incumbent candidate - nine years of service on the AC
- Works at DLVR, Inc.

Rob McCann

- Founder and President of Clearcable Networks
- Practical experience in traditional information technology and service provider networks – brings a unique perspective on matching emerging technology with sound business principles to establish successful strategies for new product and service deployment
- Broad view of network deployment with business and social issues that surround broadband that will provide valuable insight

ARIN Board of Trustees

ARIN Board of Trustees

- Bill Sandiford
- Merike Kaeo
- Patrick Gilmore
- Charlie Liu

Bill Sandiford

- Part of the ARIN community for 8+ years including 4 years on the Advisory Council and 3 years on the Board of Trustees
- Over 20 years of senior management experience in the ISP and telecommunications business
- Graduate of the University of Toronto Rotman School of Business Not-For-Profit Directors Program
- Significant Government Relations experience
- Has served on numerous industry boards including:
 - Canadian Network Operators Consortium - CNOC
 - Canadian Internet Registration Authority - CIRA
 - Toronto Internet Exchange Community - TorIX

Merike Kaeo

- CTO at Farsight Security
- Over 25 years of providing strategic oversight and leadership across technical, operational, and political boundaries
- Active participant in IETF, RIPE, APNIC, NANOG, IGF
- Member of ICANN's Security and Stability Advisory Council
- Founder of Doubleshot Security - worked with numerous companies leading strategic operational security and resilient networking directions
- IPv6 Forum Fellow for efforts to raise awareness of IPv6 related security paradigms

Patrick Gilmore

- CTO at Markley Group
- Have worked on the Internet for more than two decades
- Mostly as a network architect, but have experience in multiple disciplines
- Deep understanding of the technologies, economics, and politics underlying how packets get from point A to point B
- Outside of day job, works on Internet governance and community organization

Charlie Liu

- Vice President, Engineering IP Management at Charter Communications.
- Plans, leads, and manages IP integration.
- Creative and pragmatic with the ability to attract and motivate bright contributors across multiple backgrounds and disciplines.
- Achieved eight US Patents with three pending.
- Published 16 major papers in professional journals.
