Staff and Legal Review

Summary (Staff Understanding)

- Draft Policy 2018-6: Clarify reassignment requirements in 4.2.3.7.1 It is staff understanding that the policy text outlined makes a clear delineation in which reassignments are required to have customer Point of Contact (POC) information (reassign detail and reallocations) and which do not (reassign simple).
- Reassign detail and/or Reallocations will be made to customers that specifically request to be listed as a POC or those where the reassigned block will be routed/announced outside of the upstreams' network.
- Reassign Simple will be made to all other customers.
- Furthermore, it is clear that the requirement to SWIP /29 or more remains unchanged.
