

### History (and Future) of IPv6 Outreach at ARIN

**Richard Jimmerson** 

## Overview

#### ARIN IPv6 advocacy by decade

- 1990s
- 2000s
- •2010s

### •Impacts

•What's coming for 2020s (next year)

# ARIN IPv6 Outreach - 1990s

- Mid-1990s IETF begins working on IPng
- 1999 IETF creates IPv6 and delegates /3 to IANA for further issuance to the then 3 RIRs
- 1999 ARIN receives first IPv6 block from IANA
- 1999 ARIN makes first IPv6 allocation to ESnet using allocation framework recommended by IETF

# ARIN IPv6 Outreach - 2000s

- 2000 Beginning of IPv6 outreach at ARIN meetings
- 2001 IAB/IESG publishes recommendation on IPv6 address allocations, after which ARIN community begins IPv6 policy work
- 2003 ARIN Board implements first fee waiver for IPv6
- Mid-2000s ARIN staff, Board, and AC begin conducting outreach, including tradeshows and industry conferences
- 2007 ARIN Board passes resolution advising Internet community on migration to IPv6
- **2007** Opens IPv6 wiki
- 2008 ARIN begins using social media accounts
- 2009 Certified postal letters from ARIN to every ARIN member executive with notice of IPv4 depletion and need to adopt IPv6

# ARIN IPv6 Outreach - 2010s

- 2010 Launches TeamARIN, including speakers' bureau, outreach calendar, and community-use slide decks
- 2011 IANA exhausts global IPv4 pool, and hosts press conference
- **2011** "Where in the world is IPv6?" sticker contest
- 2011/12 Participates in World IPv6 Day and World IPv6 Launch
- 2014 Kicks off Get6 campaign focused on IPv6-enabling web content
- 2015 ARIN runs out of IPv4 highlighting the pressing need for IPv6
- 2016 Builds list of Hosting & DNS providers that support IPv6 and IPv6 trainers and consultants
- 2017 Begins publishing IPv6 case studies
- 2019 Creates grant program including funding for informational outreach related to IPv6 deployment

# Outreach examples throughout the years

- Social media engagement
  - Facebook, Twitter, LinkedIn
- Speaking sessions and panels at industry conferences
  - Interop, TechEx, NAv6TF, PTC, CANTO, etc.
- Tradeshow booths
  - CES, GSM, HostingCon, IT Roadmap, etc.
- Help desks
  - NANOG, CaribNOG, WISPA, Canadian ISP Summit, etc.
- Sessions at ARIN meetings and ARIN on the Road events
- Individualized Briefings

- Media interviews
  - WSJ, USA Today, Wired, etc.
- Bylines
  - Forbes, Information Week, CIO Applications, etc.
- Educational materials
  - Videos, blogs, webpages, infographics, guides, handouts, emails, swag, etc.
- Coordination with other Internet organizations
- Surveys
- Targeted outreach to organizations with IPv4 but no IPv6

# Plus, we eat our own dogfood

- ARIN public-facing services are available via IPv6
   Websites, DNS, Directory Services, FTP, Messaging
- •New services must have IPv6
- ARIN vendors must have IPv6 plans
- All meetings require IPv6 connectivity

## Impacts

- •59.5% of ARIN members have IPv6, 26% of end user customers
- •6,800+ total IPv6 blocks allocated/assigned
- 51,000+ /32 equivalents allocated
- 3,272,236 / 48 equivalents assigned
- •172,000+ total IPv6 reassignments/reallocations . (61% created since beginning of 2018)

## IPv6 Traffic (snapshot 10/2019)

- Google: 36.21% of Google traffic in the US
  - 28.58% globally
  - <u>https://www.google.com/intl/en/ipv6/</u>
- Facebook: 56.5% of Facebook traffic in the US
  - 25.48% globally
  - <u>https://www.facebook.com/ipv6/</u>
- Akamai: **48.1%** IPv6 adoption in the US
  - **22.6%** globally
  - <u>https://www.akamai.com/us/en/resources/our-thinking/state-of-the-internet-ipv6-adoption-visualization.jsp</u>

## Thank you to all community members who helped with IPv6 outreach over the years

# ARIN IPv6 Outreach - 2020s

Plan to sustain current level of outreach
Addition of IPv6 training programs

Is more needed?

# Give Your Input

•Do you have any ideas about what you'd like to see ARIN doing to further promote IPv6 adoption/deployment?

•Email us at <u>get6@arin.net</u>

# ??? Thank you. Any Questions?
