Candidate Biographies

Andrew Dul

Motivation to Serve the NRO NC

- The technology changes and the growth of IPv6 deployments will be complex and challenging. I believe many of these challenges will require global coordination between the RIRs. As a member of the NRO NC, my goal will be to ensure that issues which require global cooperation will be done through the open policy processes. I will work toward outcomes which best meet the needs of the Internet community as a whole.

Biography

- Systems Architect, Perkins Coie, 2007, responsible for overall systems architecture and future network service planning
- Network Design Engineer, The Boeing Company, 2003 – 2007
- Operations and engineering team member, Internap Network Services

Vikas Khanna

Motivation to Serve the NRO NC

➲ My primary objective would be to give back to the Internet community. Currently, I'm involved with ARIN as a customer but would like to contribute more by supporting and executing the NRO NC's objectives.

Biography

➲ Director of Engineering, Wireless: Covad Communications, 2006 - Present

➲ Director of Internet Engineering and founding team member: NextWeb, responsible for architecting one of the nation's largest pre-WiMAX networks, 2000-2006

➲ More than 10 years experience in Internet/wireless industry

Jason Schiller

Motivation to Serve the NRO NC

➲ A number of global issues exist surrounding IPv4 exhaustion and IPv6 adoption, and I believe it is important that we resolve these issues before the Internet suffers the tragedy of the commons. I will bring level-headed operations and engineering mentality to the table to help sort out these concerns and issues, and provide good policy which is in the best interest of the Internet as a whole.

Biography

➲ Senior Internet Network Engineer, Verizon Business, 2000 – present
  - ➲ Responsibilities include network architecture and engineering work for the global UUNET/Verizon Business networks
  - ➲ Transform the BGP architecture in order to reduce the number of routers
  - ➲ Architect and design the North America IPv6 network in three phases utilizing IPv6 over GRE, 6PE, and native IPv6 in the core
➲ High Speed Install Engineer, UUNET, 1998 – 2000

Michael Smith

Motivation to Serve the NRO NC

- Assist in the creation of ARIN Policy that is representative of the needs of the entire ARIN Membership, regardless of size.
- Actively promote ARIN Member involvement in the formulation of these Policies.
- Provide documentation and assistance to the community in timely issues such as IPv6 migration.
- Provide insight to the Executive Counsel on hot-button issues as defined by continuous and active involvement with ARIN Members.

Biography

- Chief Technical Officer, Adhost Internet LLC, 2005 – Present
- Chief Network Engineer, Northwest Open Access Network, 2001 – 2005
- Network Engineer, Semaphore Corporation, 1999 – 2001

Sam Weiler

Motivation to Serve the NRO NC

- ➲ I want to preserve open, consensus-based management of our number resources. In particular, I want to bring more candor, transparency, and engineering reality to policy discussions, helping us to make better global policy and more credibly make the case that our policy processes are reasonable, inclusive, and effective.

Biography

- ➲ Senior Scientist, Internet Infrastructure Protection group, SPARTA,Inc. and Network Associates Labs
- ➲ Systems programmer and on-call sysadmin for Carnegie Mellon's Computing Services
- ➲ Active in the IETF since 1996, serving on the security directorate, as a working group chair, and on the IAB's ad hoc committee on Internationalized Domain Names (IDN)
