

IPv6 Successes and Setbacks

ARINXXIX

4.23.2012

What's this about?

- Real world IPv6, what works, what doesn't
- Where we are today
- What does the future look like?
- How to get beyond our challenges
- Perspective from:
 - Service Providers
 - Enterprise
 - Government
 - Educational institutions

Who are we?

- Dan Alexander – Comcast (ISP Cable/Video/Voice)
- Marla Azinger – Frontier (ISP DSL/Wireless)
- Casey Deccio – Sandia National Labs (Ent)
- Michael Sinatra – ESNet (Gov.)
- Aaron Hughes – 6connect (Moderator)

Agenda

- Brief presentations about each company
 - Success / Setbacks
- Q&A from moderator
- Q&A audience

Frontier

Sandia National Labs

ESNet

Q&A
