

2011-11

Clarify Justified Needs
for Transfers

Problem Statement

Moving a policy requirement under the proper section of the NRPM.

- Moves from 4.2.4.4:

"The reduction does not apply to resources received via section 8.3. An organization receiving a transfer under section 8.3 may continue to request up to a 12-month supply of IP addresses."

- to 8.3:

"...they can justify under current ARIN policies showing how the addresses will be utilized within 12 months."

Benefits

- Clarifies the intent, moves language to be aligned with current staff procedures.
- Aligning practice and policy is a terrific thing
