

AC On-Docket Proposals Report

John Sweeting – AC Chair

Proposals

- On-docket:
 - **ARIN-prop-151 Limiting needs requirements for IPv4 Transfers**
 - Would allow 8.3 specified transfers without a needs-based evaluation.
 - **ARIN-prop-153 Correct erroneous syntax in NRPM 8.3**
 - Would require that 8.3 specified transfers could only be done as a single prefix.

Proposals

- AC to review on Friday:
 - **ARIN-prop-157 Section 8.3 Simplification**
 - Would expand 8.3 specified transfers from only IPv4 space to all number resources.
 - **ARIN-prop-158 Clarify Multiple Discrete Networks Policy**
 - “This proposal seeks to clarify the meaning in line with the current and intended application of the policy.”

Lunch table topics

- ARIN-prop-151 Limiting needs requirements for IPv4 Transfers - Dan & David
- ARIN-prop-153 Correct erroneous syntax in NRPM 8.3 - Cathy & Bill D.
- ARIN-prop-157 Section 8.3 Simplification - Scott & Bill S.
- Legacy addresses: A global resource upon return? - Chris M.
- What role should/will the RIR's play in the future? - Martin
- ARIN-prop-158 Clarify Multiple Discrete Networks Policy - Chris G.

Thank you
